

The Human  
Princess was  
kidnapped to  
Demon King  
Castle...

As a result,  
the Hero  
stood forth

and pressed  
on with his  
journey,  
confronted with  
many paths  
to choose...

However...

Behind the  
scenes, the  
Princess was  
surely being  
confronted  
as well...

That's  
right...

The 24th Night:  
My Laundry Path

Just  
what  
should  
we-

As a  
result, he  
continues  
to encounter  
demons at  
levels he can't  
defeat...

Besides,  
this being a  
Klosterm-  
museum  
Assembly  
...  
We're  
holding  
it because  
some of the  
key items  
for his  
adventure  
are being  
stolen by  
the Princess,  
you see.

I was  
care-  
less...

Ugh...

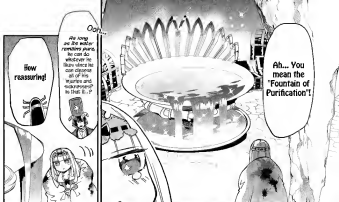

Oh yeah...  
Weren't there  
some good  
Hero Support  
Items in the  
Vault?

But...  
a place  
where I can  
wash my  
futon.

If I keep  
waiting I've  
been to  
fetch my  
laundry at a  
store. "

A Futon Found at the  
Scene of a Murder

Mini Waterspout Bomb

That's right... I had it in safekeeping in case worst came to worst.

If we haven't that all the more reason why we should keep it.

Oh? Don't we only have one of these?

In that case... Wouldn't using a "Mini Waterspout Bomb" block off any pathways the Hero could get lost in?

Rinsing

Demon King-sama...!!!

It's for the sake of us having the chance to fight the Hero... It won't be a waste.

So we had something like this too!

I need a drying rack now.

Kuku ku...

Yo- you're the master of gimmicks, Dr. Gearbolt!

Kuku... That's not it.

What?

Right... With this, we're now completely set. What'll happen beyond this is-

Mag...  
magnetism  
you say  
.../P

It's  
an item  
that guides  
heroes using  
extreme  
magnetism

Its  
name  
is even  
called  
"Magne-  
Spear"!

I made  
it ahead  
of time...

What?  
Exactly  
where  
is-

And...  
I've even  
set the  
destination -  
it leads to.

Amazing..!

I see...  
So it directly  
guides the Hero by  
taking control of  
the compass he  
uses to  
find

The  
destination  
it leads  
to is the  
home of an  
electronic  
demon  
that I  
created...

I'm  
glad you  
asked...

It's a  
very  
powerful  
item...

Wha...  
what in the  
blazes...!

The  
domain  
of the Neo-  
Gearbolter

What  
conside-  
ration...!

...So  
you've  
even gone  
so far as  
to help the  
Hero build  
confidence

Ooh...

I made the  
weakness  
the "Light  
Attribute",  
which Heroes  
possess...

Still need  
to find a  
place to  
dry, but that  
dang's in  
the way.

There's  
nothing  
to fear

But,  
well...  
Wouldn't  
the Hero  
die to this...?

What's  
that?

But...  
there's  
just one  
thing to  
be aware  
of.

I stick  
this thing  
in there, it  
should be  
able to dry!

That  
hole...!

Well that's  
just because in  
the end, it's  
pointless if I'm  
not the one to  
defeat the Hero...

*You absolutely mustn't let the magnet make contact with the core, or it'll suffer a critical error!*

As if there would be anyone who could do such a thing to a machine of precision!

Oh mean, you've got a point! Sorry!

Spinning

Drying

It'll ignite  
if an error  
occurs,  
but...  
there's no  
need for  
such  
caution!

Ahaha!

Yes!

Let's  
quickly  
head over  
and see  
it in  
action!

Now our  
counter-  
measures  
are  
perfect...

Alright  
!

The sun  
doesn't rise in  
Demon King  
Castle.

Yet,

this  
finish...!

Ohh...

I'm forced to stay home everyday to care for my mother, who has been sick for over 15 years.
